

1. What do you think the plants will look like in two weeks?
Draw two pictures in the first column showing how you think the plants in each group will look in two weeks.
2. Wait two weeks. While you are waiting, you can look at the plants and continue to water the cups on the windowsill.
3. After two weeks, look at all the cups again. In the second column, draw what you see in the cups now.
4. Were your predictions about each plant correct? Circle *yes* or *no* in each row to show whether your predictions were correct.

Predict What do you think will happen to the seeds in two weeks?	Observe What do the seeds look like after two weeks?	Check What happened? Were your predictions correct?
Group 1: Sun and Water 	Group 1: Sun and Water 	<div> <div>yes</div> <div>no</div> </div>
Group 2: No Sun and No Water 	Group 2: No Sun and No Water 	<div> <div>yes</div> <div>no</div> </div>
